

Pesticide Hazard Communication (PHC) PLUS

Madera County Farm Bureau & California Safety Training Corporation are offering the PHC Plus training. Course includes: specific label review; use, care, and fit-testing of respirators; clothing and personal protective equipment; most common symptoms of exposure or contamination, and First Aid. "Right to Know" is also taught, using specific Material Safety Data Sheets. *Participants must bring their own respirator and medical clearance forms and they must be clean shaven & ready for a fit check.*
